Hi Michelle,

Please find the reports and spreadsheets attached. I've also attached an AQS report for all pollutant parameters surrounding the Middletown area from 2005-2018. This report shows some of the stats of those parameters (e.g., max, average, etc.). I need to dig through the data some more, but this can give you an overview of what we can look into in the area. Let me know if you have any questions.

Thanks,

You mentioned we could share the AK final data reports. Can you please forward those along?

Thanks!  
 Michelle
